Allowable Subject Matter

1. Claims 1, 5, 13, 17 and 19 are allowed.

With respect to claim 1, the following is an examiner's statement of reasons for allowance: the prior art of record neither discloses nor makes obvious the combination set forth in the independent claims, and especially does not show "the *offset web* **only** interconnects the resilient tubes in an area outside of the common plane", in combination with the other claim limitations.

With respect to claim 13, the following is an examiner's statement of reasons for allowance: the prior art of record neither discloses nor makes obvious the combination set forth in the independent claims, and especially does not show "the resilient tubes are **only** interconnected with the *offset web* in an area outside of the common plane and in an area outside the rotary area of pump operation", in combination with the other claim limitations.

Note: According to applicant disclosure, *the web is offset with respect to the centerline of the tubes*. See abstract and the last two lines of paragraph 0008.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
